Thaw Plans Trip To Fair If Case Is Won

New York, June 23.—Harry K. Thaw and his mother have made arrangements to visit the Panama-Pacific exposition at San Francisco. Thaw appeared before Justice Hendricks of the supreme court today for the trial in which his sanity will be tested before a jury, and so confident is the slayer of Stanford White that he will be adjudged sane and given his freedom that he has planned the trip across the continent to the big fair.

Dr. Osler on Tuberculosis

Sir William Osler, one of the foremost of living medical men, formerly of the University of Edinburgh, and now Regius Professor of Medicine at Oxford, says in his "Practice of Medicine" (1902), on page 249: "The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. . . . In the granulations products and associated pneumonia a scar tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions alone should the term healing be applied."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the success of Eckman's Alternative in this and allied throat and bronchial affections may be due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated. Widespread use of this remedy in numerous cases of tuberculosis—many of which appear to have yielded completely to it—justifies our belief that it is worth a trial, unless some other treatment already is succeeding. It contains no opiates, narcotics or habit-forming drugs. We make no promises concerning it any more than that physicians give promises with their prescriptions, but we know of many cases in which it HAS HELPED. Your druggist has it or can get it, or you can send direct. Eckman Laboratory, Philadelphia.

BABY PARADE WILL BE CHERRY FAIR FEATURE

Joseph H. Albert Says Salem's Finest Product Will Be Best Exhibit

The baby parade is to be one of the attractive features of the Cherry fair, according to Joseph H. Albert, who is the chairman of the committee having in charge this feature of the celebration.

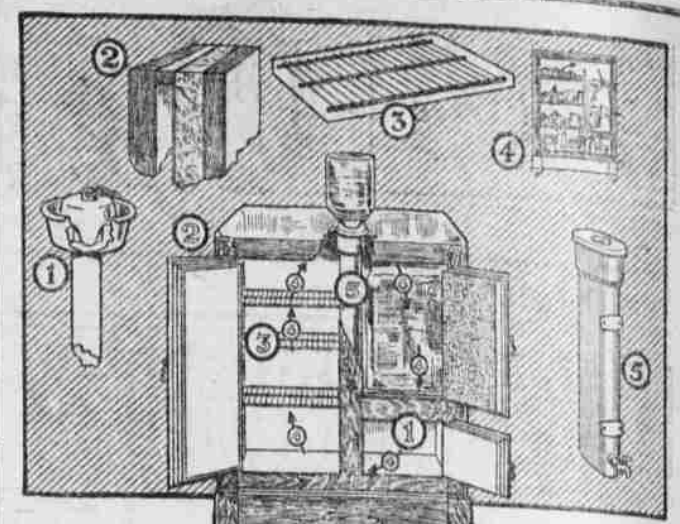

He has selected a strong committee, many of the women having had previous experience in this kind of work. At the meeting held Monday in the public library, every member of the committee pledged themselves to work to make this parade the greatest ever held in Salem. According to plans discussed last evening, it is estimated that fully 200 babies will participate, a dozen or more of these to be representative of the Chinese and Japanese section of the city. The beauty contest will be eliminated entirely, although prizes will be given for the baby carriage showing the greatest originality in decoration and other prizes for unique features.

The baby parade is scheduled to take place promptly at 10 o'clock Friday morning, July 2, forming on the corner of Capitol and Summer streets.

Some men are so forgetful that they even fail to remember the poor.

Newport Will Celebrate The Nation's Birthday

(By Lamar Toole.)

Newport, Ore., June 23.—Newport, following the custom of the past four years, will celebrate the anniversary of the nation's birthday this year. In view of the fact that the Fourth of July occurs on Sunday, the celebration has been deferred until Monday, the fifth.

The Newport Rod & Gun club, a social organization of the city, with a membership of nearly 250, will have charge of the day's festivities. A committee of three has been appointed to take charge of the arrangements, which include a number of new features. The Siletz Indians will again stage their famous war dances; the United States Life Saving crew will give an exhibition drill on the bay and will make a landing through the surf; and a grand illuminated boat parade will be made on the bay in the evening. Dr. E. G. Carter, of this city, will deliver the oration of the day at the city park. The newly-organized Newport band, under the direction of A. H. Averill, will render the music for the event.

To make it possible for out-of-town people to attend the celebration, special excursions will be run from Portland, Albany and other valley cities. Reduced rates will prevail.

Newport is experiencing the finest weather in years. The last two weeks have been characterized by sunshine and the absence of a strong wind from the ocean. Summer visitors, taking advantage of the ideal weather conditions, have made numerous excursions to the government lighthouse, Devil's Punch Bowl, Agate Beach, Siletz Indian reservation and other points of interest.

Colonel T. Hofer and Max Hofer, of Salem, arrived on Sunday's excursion and passed a few days at the Hofer's cottage, Agate Beach. Colonel Hofer is a regular visitor to this beach.

N. L. Gilliam, of Oza, is registered at the Abbey. Mr. Gilliam arrived the middle of the week.

Mr. and Mrs. George Hill and children, of Colfax, Wash., arrived at Nye Beach last week and are domiciled in one of Whitten cottages.

Mr. and Mrs. R. C. Eldridge, of Portland, reached the beach the middle of the week and are enjoying the beautiful weather of this resort.

C. P. Kistler, of L. Mares, Iowa, was included among the out-of-state arrivals in Newport during the past week. Mr. Kistler is a guest of Mrs. H. L. Nethergill at Tent City.

Mr. and Mrs. George Darby, of Salem, who have been passing a brief vacation at the seashore, have returned to the capital city. While here, the Darbys were guests of the Damon.

Miss Roberta Veal, of Albany, is one of the recent arrivals at the beach. Miss Veal is a student at the Univer-

ity of Oregon and is a regular visitor to Newport.

Mr. and Mrs. A. N. Horland, of Spokane, are listed among the numerous Washington visitors at this watering place. The Highlands are registered at the Abbey.

Kill Catarrh Germs and Stop Catarrh

Breathe This Antiseptic Dry Air in Your Own Home and Quickly and Completely Kill Catarrh, Head Colds and Sinusitis.

One of the surest signs of catarrh of the head, nose and throat is itching cold easily. When you have catarrh the mucous membranes are inflamed, swollen and sensitive and a slight draft or sudden change of temperature at once sets you sneezing, snuffling and sniffing your nose. Then again while these delicate tissues are in an inflamed state the catarrh germs breed and coughed up by other sufferers find quick and easy lodgment in your affected nose and throat and immediately start eating their way into your sensitive organs. Then your catarrh gets worse and you wake up mornings with tongue thick, mouth sticky and sore all over.

Catarrh can be overcome and the germs of catarrh destroyed if you will go to Daniel J. Fry or in fact any good drug store and ask for a large complete Hyomei (pronounced Hye-mee) treatment, consisting of a bottle of the oil of Hyomei and a small rubber inhaling device.

You put a few drops of the Hyomei oil into this inhaler and then put it between your lips and breathe naturally. The pleasant, antiseptic, healing oil of Hyomei goes into your nose, head, throat and lungs. In three minutes your passages are cleaned out, you breathe easily and the discharge stops and if you will do this every day for a few weeks you will drive every catarrh germ and every symptom of catarrh entirely from your system.

Hyomei, when used with this inhaling device is always sold with the guarantee that it will give you successful results or you can have your money back.
